Com. Dev. Trained

In Practice Evaluation

### Workshop #2

Minimum 1 year after workshop 1  
- evaluation of YTP, coaches  
log book and portfolio tasks

In Competition Evaluation

Comp. Dev. Certified

## Archery Competition - Development Certification Pathway

There is a major departure in the presentation of material and the path toward certification in the Competition – Development context. Unlike all other Archery Canada contexts, the candidate must have the following NCCP multi-sport courses and associated evaluations completed in order to attend Archery Canada's Competition – Development workshops:

Making Ethical Decisions

Coaching and Leading Effectively

Developing Athletic Abilities

Prevention and Recovery

Managing Conflict

Leading Drug-free Sport

Psychology of Performance

The workshop #1 is a 15 hour weekend Training Workshop. Candidates will achieve "Trained Status" at the end of Workshop #1. After Workshop #1 and Before Workshop#2 an "In Practice Evaluation" will be conducted. Workshop #2 – to be held 1 year after the first workshop – is a combination training and evaluation workshop. The tasks for each chapter, the accompanying workbook exercises, log book for the year and Yearly Training Plan (YTP) will be evaluated as part of Workshop #2. Candidates will achieve "Certified Status" upon successful completion of Workshop #2 and "In Competition Evaluation".

## Certification Pathway

### Introduction to Competition

The workshop #1 is a 15 hour weekend Training Workshop. Candidates will achieve "Trained Status" at the end of Workshop #1. Workshop #2 – to be held 6 months after the first workshop – is a combination training and evaluation workshop. The tasks for each chapter, the accompanying workbook exercises, log book and Yearly Training Plan (YTP) will be evaluated as part of Workshop #2. Candidates will achieve "Certified Status" upon successful completion of Workshop #2.
